Mini-Matic™ 3/8" Pumps with Elimina-Matic® Air Valve Technology

Bridging the gap between 1/4" and 1/2" pumps, the new Versa-Matic Mini-Matic™ 3/8" pumps pack a lot into a compact, **economical** package. Small enough to fit in your hand, the Mini-Matics can pump up to **6.8 gallons per minute**. And because they feature our patented Elimina-Matic® Air Valve System you can count on **non-stalling, non-icing, lube-free** operation as well as the **elimination of blow-by**.

The Mini-Matics also offer tremendous **versatility**. They can be **mounted upright, sideways** and even **inverted** to adapt to your application. Available in **Polypropylene** and **Kynar®** wetted materials of construction, with **XL (Santoprene®)**, **Geolast®** or **Teflon®** interior.

For a mini pump that delivers the max, turn to a Versa-Matic Mini-Matic. Consult your authorized distributor for more details.
